

6. M-Wa: Wall-Mounted Air Sterilizing Purifier (Stand alone)

0 space occupation, 0 material consumption and 0 ozone.

Wall-mounted without floor occupation, Easy installation, Highly purification and sterilization, efficiency Intelligent operation control.

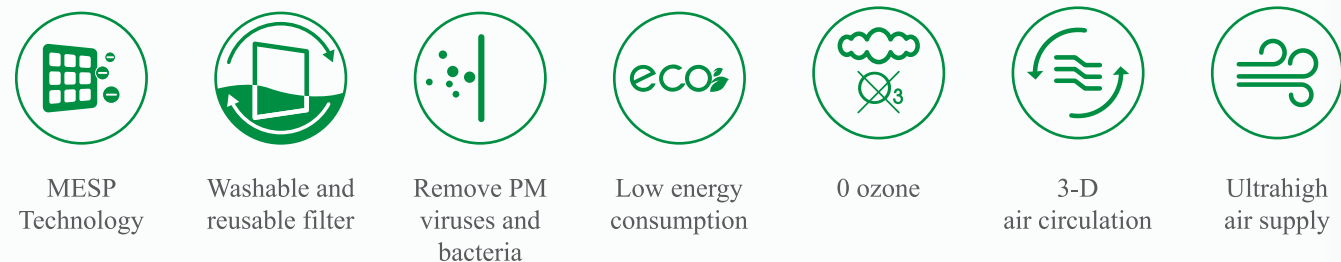

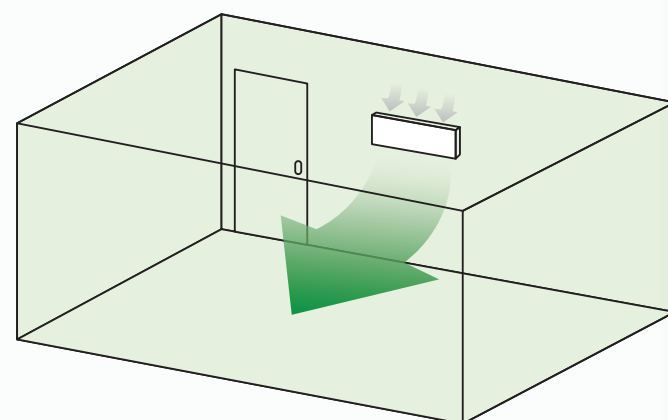

Product Feature

- Convenient installation and easy maintenance, ready-to-use.
- A sterilizing air purifier with high energy efficiency.
- Real-time display of air quality data, can be set automatic.
- Low noise level.
- Stable operation, low energy consumption.
- MESP filter, can be washed repeatedly without consumables.
- Adjustable air speed with 5 levels.
- Intelligent control, optional control methods (Remote control/ RS485/ Tuya APP).

System Advantages

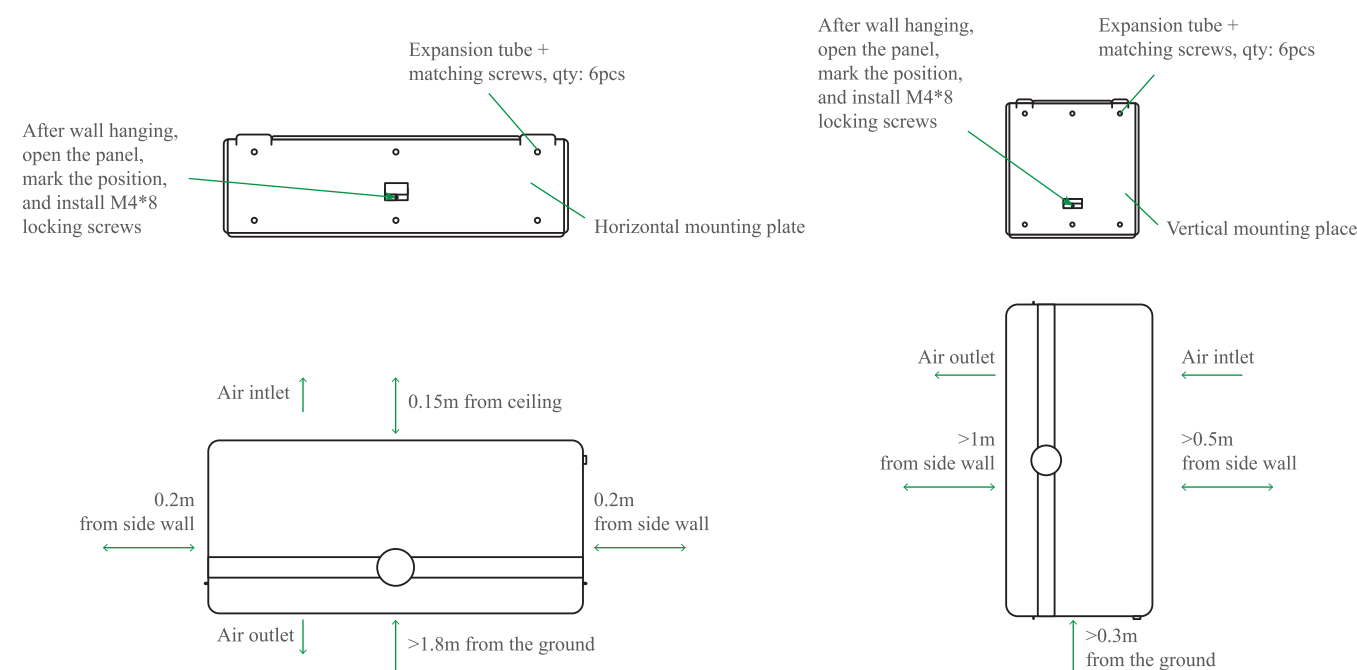

Applicable to spaces without a central AC system or conditions to install the return air inlet purifiers. Inbuilt fan can run independently without linking to the central AC system.

Specification Parameters

Model	M-Wa-07
Power Supply (V/Hz)	100-240~50-60
Rated Power (W)	30/25/20/15/13
Rated Air Flow (m³/h)	650/500/400/300/200
Clean Air Delivery Rate Of Particulate Matter (m³/h)	550
Accumulated Particulate Matter Purification Energy Consumption (CCM Particulate Matter)	P3
Purification Energy Efficiency (Particulate Matter m³/(w • h))	18.3 (High Efficiency)
Microbial Circulation Removal Rate (%)	99.9 (Staphylococcus Albus)
Applicable Area (m²)	35-65
Noise (High/Medium/Low Sound Pressure Level dB (A))	40/36/33/30/28
Noise (High/Medium/Low Sound Power Level dB (A))	48/44/41/38/36
Dimension (L x W x H mm)	900x415x225
Weight (Kg)	21
Product Color	White
Control Mode	Remote Control/Graffiti APP/RS485
Optional Components	M8 Formaldehyde Filter (Optional)
Types Of Touch Protection	Class I
Product Execution Standard	GB/T18801-2022; GB4706.1-2005; SB4706.45-2008
The applicable area is for room of 2.7m in height, other than that, please divide the equivalent volume of the room by actual height.
