

Return-Exhaust Housing With Cover Plate

Advantage:

- High reliability
- Robust and durable structure
- Quick filter replacement and easy maintenance
- Integrated dP port for monitoring

Application: Used in clean rooms or general ventilation systems (HVAC).

Filter box type: Ceiling-mounted for G4/F7 filters (22/48/96 mm).

Standard structure: Thickness: 1.0–1.2 mm (custom sizes available).

Installation, Duct connection:

- Ceiling installation using hangers
- Standard round duct connection of Ø200 or Ø250 (customizable upon request)
